

INJURY PREVENTION CENTER

UNIVERSITY OF MICHIGAN

U-M Injury Prevention Center Seeking Placement Opportunities for 2024 Summer Internship Program

The University of Michigan Injury Prevention Center will fund 5 intern positions next summer supporting work in injury prevention. The Center aims to recruit graduate and upper-level undergraduate students interested in injury prevention, offering them an opportunity to gain mentored research or practice-based experience in the field. Internships are funded by the Injury Prevention Center with a student stipend of \$5,700; positions should provide students an opportunity to work approximately 27-30 hours/week (a cumulative total of no less than 318 hours for the summer).

Note: Depending on your specific needs, internships may be in-person or hybrid.

Topic areas eligible for paid intern placement include the prevention of:

- Opioid Overdose
- Suicide
- Adverse Childhood Experiences (ACEs)
- Concussion
- Motor Vehicle Crash
- Violence
- Older Adult Falls

We are actively seeking placement opportunities for intern applicants.

If your department/organization is interested in providing a learning opportunity, we'd like to hear from you. Please respond by submitting your request via the Qualtrics link below:
